MIRKO ORLIĆ – POPIS OBJAVLJENIH RADOVA*

A) Znanstveni radovi

A1. **M. Orlić** and M. Kuzmić: A contribution to the understanding of the kinematics of surface currents in the Rijeka Bay. *Thalassia Jugoslavica* 16, 1980, 31-49.

A2. B. Penzar, **M. Orlić** and I. Penzar: Sea-level changes in the Adriatic as a consequence of some wave occurrences in the atmosphere. *Thalassia Jugoslavica* 16, 1980, 51-77.

A3. **M. Orlić**: About a possible occurrence of the Proudman resonance in the Adriatic. *Thalassia Jugoslavica* 16, 1980, 79-88.

A4. P. Franco, Lj. Jeftić, P. Malanotte Rizzoli, A. Michelato and **M. Orlić**: Descriptive model of the Northern Adriatic. *Oceanologica Acta* 5, 1982, 379-389.

A5. **M. Orlić**: On the frictionless influence of planetary atmospheric waves on the Adriatic sea level. *Journal of Physical Oceanography* 13, 1983, 1301-1306.

A6. **M. Orlić**: On the determination of velocities of mesoscale atmospheric disturbances. *Zeitschrift für Meteorologie* 34, 1984, 35-37.

A7. **M. Orlić**: The influence of bottom friction on transverse internal seiches in rotating rectangular channels. *Archives for Meteorology, Geophysics and Bioclimatology* A 33, 1984, 175-185.

A8. M. Kuzmić, **M. Orlić**, M. Karabeg and Lj. Jeftić: An investigation of wind-driven topographically controlled motions in the Northern Adriatic. *Estuarine, Coastal and Shelf Science* 21, 1985, 481-499.

A9. **M. Orlić**, M. Kuzmić and Z. Vučak: Wind-curl currents in the Northern Adriatic and formulation of bottom friction. *Oceanologica Acta* 9, 1986, 425-431.

A10. N. Limić and **M. Orlić**: Objective analysis of geostrophic currents in the Adriatic Sea. *Geofizika* 3, 1986, 75-84.

A11. N. Limić and **M. Orlić**: A method for the determination of absolute geostrophic velocities in the sea. *Tellus* A 39, 1987, 82-94.

A12. **M. Orlić**: Oscillations of the inertia period on the Adriatic Sea shelf. *Continental Shelf Research* 7, 1987, 577-598.

A13. M. Kuzmić and **M. Orlić**: Wind induced vertical shearing: ALPEX/MEDALPEX data and modelling exercise. *Annales Geophysicae* B 5, 1987, 103-112.

A14. **M. Orlić**, B. Penzar and I. Penzar: Adriatic sea and land breezes: clockwise versus anticlockwise rotation. *Journal of Applied Meteorology* 27, 1988, 675-679.

* Siječanj 2026.

A15. V. Kovačević i **M. Orlić**: Harmonijska analiza i sinteza morskih doba u Bakru. *Hidrografski godišnjak* 86, 1988, 47-62.

A16. **M. Orlić**: Salinity of the North Adriatic – a fresh look at some old data. *Bollettino di Oceanologia Teorica ed Applicata* 7, 1989, 219-228.

A17. I. Cerovečki i **M. Orlić**: Modeliranje rezidualnih vodostaja Bakarskog zaljeva. *Geofizika* 6, 1989, 37-57.

A18. **M. Orlić**, M. Ferenčak, Z. Gržetić, N. Limić, Z. Pasarić and A. Smirčić: High-frequency oscillations observed in the Krka Estuary. *Marine Chemistry* 32, 1991, 137-151.

A19. I. Cerovečki, Z. Pasarić, M. Kuzmić, J. Brana and **M. Orlić**: Ten-day variability of the summer circulation in the North Adriatic. *Geofizika* 8, 1991, 67-81.

A20. M. Kuzmić i **M. Orlić**: Daljinsko istraživanje fizikalnih procesa u Jadranu. *Bilten Savjeta za daljinsko istraživanje i fotointerpretaciju HAZU* 1/11, 1991, 15-22.

A21. B. Sturm, M. Kuzmić and **M. Orlić**: An evaluation and interpretation of CZCS-derived patterns on the Adriatic shelf. *Oceanologica Acta* 15, 1992, 13-23.

A22. **M. Orlić**, M. Gačić and P. E. LaViolette: The currents and circulation of the Adriatic Sea. *Oceanologica Acta* 15, 1992, 109-124.

A23. M. Pasarić and **M. Orlić**: Response of the Adriatic sea level to the planetary-scale atmospheric forcing. P. L. Woodworth (ed): *Sea Level Changes – Determination and Effects, Geophysical Monograph 69,* American Geophysical Union, Washington, 1992, 29-39.

A24. N. Supić and **M. Orlić**: Annual cycle of sea surface temperature along the east Adriatic coast. *Geofizika* 9, 1992, 79-97.

A25. V. Malačič and **M. Orlić**: On the origin of the inverted barometer effect at subinertial frequencies. *Il Nuovo Cimento* C 16, 1993, 265-288.

A26. **M. Orlić**: A simple model of buoyancy-driven seasonal variability in the oceans. *Bollettino di Oceanologia Teorica ed Applicata* 11, 1993, 93-101.

A27. **M. Orlić**, M. Kuzmić and Z. Pasarić: Response of the Adriatic Sea to the bora and sirocco forcing. *Continental Shelf Research* 14, 1994, 91-116.

A28. **M. Orlić** i M. Pasarić: Vodostaj Jadranskog mora i globalne klimatske promjene. *Pomorski zbornik* 32, 1994, 481-501.

A29. V. Krajcar and **M. Orlić**: Seasonal variability of inertial oscillations in the Northern Adriatic. *Continental Shelf Research* 15, 1995, 1221-1233.

A30. **M. Orlić**: An elementary model of density distribution, thermohaline circulation and quasigeostrophic flow in land-locked seas. *Geofizika* 13, 1996, 61-80.

A31. N. Supić, **M. Orlić** and D. Degobbis: Small-scale spatial variability of surface heat flux over the northern Adriatic. *Periodicum Biologorum* 99, 1997, 169-179.

A32. I. Cerovečki, **M. Orlić** and M. C. Hendershott: Adriatic seiche decay and energy loss to the Mediterranean. *Deep-Sea Research I* 44, 1997, 2007-2029.

A33. I. Vilibić and **M. Orlić**: Surface seiches and internal Kelvin waves observed off Zadar (east Adriatic). *Estuarine, Coastal and Shelf Science* 48, 1999, 125-136.

A34. N. Supić and **M. Orlić**: Seasonal and interannual variability of the northern Adriatic surface fluxes. *Journal of Marine Systems* 20, 1999, 205-229.

A35. F. Raicich, **M. Orlić**, I. Vilibić and V. Malačič: A case study of the Adriatic seiches (December 1997). *Il Nuovo Cimento* C 22, 1999, 715-726.

A36. D. Viličić, **M. Orlić**, Z. Burić, M. Carić, N. Jasprica, F. Kršinić, A. Smirčić and Z. Gržetić: Patchy distribution of phytoplankton in a highly stratified estuary (the Zrmanja Estuary, October 1998). *Acta Botanica Croatica* 58, 1999, 105-125.

A37. M. Pasarić, Z. Pasarić and **M. Orlić**: Response of the Adriatic sea level to the air pressure and wind forcing at low frequencies (0.01-0.1 cpd). *Journal of Geophysical Research* 105, 2000, 11423-11439.

A38. **M. Orlić** and M. Pasarić: Sea-level changes and crustal movements recorded along the east Adriatic coast. *Il Nuovo Cimento* C 23, 2000, 351-364.

A39. N. Supić, **M. Orlić** and D. Degobbis: Istrian Coastal Countercurrent and its year-to-year variability. *Estuarine, Coastal and Shelf Science* 51, 2000, 385-397.

A40. M. Herak, **M. Orlić** and M. Kunovec-Varga: Did the Makarska earthquake of 1962 generate a tsunami in the central Adriatic archipelago? *Journal of Geodynamics* 31, 2001, 71-86.

A41. **M. Orlić**: Anatomy of sea level variability – an example from the Adriatic. F. El-Hawary (ed): *The Ocean Engineering Handbook,* CRC Press, Boca Raton (USA), 2001, 1.1-1.14.

A42. M. Pasarić and **M. Orlić**: Long-term meteorological preconditioning of the North Adriatic coastal floods. *Continental Shelf Research* 21, 2001, 263-278.

A43. I. Vilibić and **M. Orlić**: Least-squares tracer analysis of water masses in the South Adriatic (1967-1990). *Deep-Sea Research I* 48, 2001, 2297-2330.

A44. G. Beg Paklar, V. Isakov, D. Koračin, V. Kourafalou and **M. Orlić**: A case study of bora-driven flow and density changes on the Adriatic shelf (January 1987). *Continental Shelf Research* 21, 2001, 1751-1783.

A45. I. Vilibić and **M. Orlić**: Adriatic water masses, their rates of formation and transport through the Otranto Strait. *Deep-Sea Research I* 49, 2002, 1321-1340.

A46. N. Supić, **M. Orlić**, D. Degobbis, T. Đakovac, V. Krajcar and R. Precali: Occurrence of the Istrian Coastal Countercurrent in 2000, a year with a mucilage event. *Geofizika* 18/19, 2001/2002, 45-57.

A47. N. Supić, **M. Orlić** and D. Degobbis: Istrian Coastal Countercurrent in the year 1997. *Il Nuovo Cimento* C 26, 2003, 117-131.

A48. D. Belušić, M. Pasarić and **M. Orlić**: Quasi-periodic bora gusts related to the structure of the troposphere. *Quarterly Journal of the Royal Meteorological Society* 130, 2004, 1103-1121.

A49. N. Leder and **M. Orlić**: Fundamental Adriatic seiche recorded by current meters. *Annales Geophysicae* 22, 2004, 1449-1464.

A50. I. Vilibić, N. Domijan, **M. Orlić**, N. Leder and M. Pasarić: Resonant coupling of a traveling air pressure disturbance with the east Adriatic coastal waters. *Journal of Geophysical Research* 109, C10001, 2004, doi: 10.1029/2004JC002279.

A51. M. Pasarić and **M. Orlić**: Meteorological forcing of the Adriatic – present vs. projected climate conditions. *Geofizika* 21, 2004, 69-87.

A52. G. Beg Paklar, A. Bajić, V. Dadić, B. Grbec and **M. Orlić**: Bora-induced currents corresponding to different synoptic conditions above the Adriatic. *Annales Geophysicae* 23, 2005, 1083-1091.

A53. C. M. Lee, F. Askari, J. Book, S. Carniel, B. Cushman-Roisin, C. Dorman, J. Doyle, P. Flament, C. K. Harris, B. H. Jones, M. Kuzmić, P. Martin, A. Ogston, **M. Orlić**, H. Perkins, P.M. Poulain, J. Pullen, A. Russo, C. Sherwood, R. P. Signell and D. Thaler: Northern Adriatic response to a wintertime bora wind event. *Eos, Transactions, American Geophysical Union* 86, 2005, 157-165.

A54. H. Peters and **M. Orlić**: Turbulent mixing in the springtime central Adriatic Sea. *Geofizika* 22, 2005, 1-19.

A55. D. Belušić, M. Pasarić, Z. Pasarić, **M. Orlić** and B. Grisogono: A note on local and non-local properties of turbulence in the bora flow. *Meteorologische Zeitschrift* 15, 2006, 301-306.

A56. Z. Pasarić, **M. Orlić** and C. M. Lee: Aliasing due to sampling of the Adriatic temperature, salinity and density in space. *Estuarine, Coastal and Shelf Science* 69, 2006, 636-642.

A57. H. Mihanović, **M. Orlić** and Z. Pasarić: Diurnal internal tides detected in the Adriatic. *Annales Geophysicae* 24, 2006, 2773-2780.

A58. **M. Orlić**, G. Beg Paklar, Z. Pasarić, B. Grbec and M. Pasarić: Nested modeling of the east Adriatic coastal waters. *Acta Adriatica* 47 (Suppl.), 2006, 219-245.

A59. C. E. Dorman, S. Carniel, L. Cavaleri, M. Sclavo, J. Chiggiato, J. Doyle, T. Haack, J. Pullen, B. Grbec, I. Vilibić, I. Janeković, C. M. Lee, V. Malačič, **M. Orlić**, E. Paschini, A. Russo and R. P. Signell: February 2003 marine atmospheric conditions

and the bora over the northern Adriatic. *Journal of Geophysical Research* 111, C03S03, 2006, doi: 10.1029/2005JC003134 [printed 112(C3)2007].

A60. **M. Orlić**, V. Dadić, B. Grbec, N. Leder, A. Marki, F. Matić, H. Mihanović, G. Beg Paklar, M. Pasarić, Z. Pasarić and I. Vilibić: Wintertime buoyancy forcing, changing seawater properties, and two different circulation systems produced in the Adriatic. *Journal of Geophysical Research* 111, C03S07, 2006, doi: 10.1029/2005JC003271 [printed 112(C3)2007].

A61. H. Peters, C. M. Lee, **M. Orlić** and C. E. Dorman: Turbulence in the wintertime northern Adriatic Sea under strong atmospheric forcing. *Journal of Geophysical Research* 112, C03S09, 2007, doi: 10.1029/2006JC003634.

A62. C. M. Lee, **M. Orlić**, P.-M. Poulain and B. Cushman-Roisin: Introduction to special section: Recent Advances in Oceanography and Marine Meteorology of the Adriatic Sea. *Journal of Geophysical Research* 112, C03S01, 2007, doi: 10.1029/2007JC004115.

A63. M. Lazar, M. Pavić, Z. Pasarić and **M. Orlić**: Analytical modeling of wintertime coastal jets in the Adriatic Sea. *Continental Shelf Research* 27, 2007, 275-285.

A64. D. Viličić, **M. Orlić** and N. Jasprica: The deep chlorophyll maximum in the coastal north-eastern Adriatic Sea, July 2007. *Acta Botanica Croatica* 67, 2008, 33-43.

A65. M. Telišman Prtenjak, Z. Pasarić, **M. Orlić** and B. Grisogono: Rotation of sea/land breezes along the northeastern Adriatic coast. *Annales Geophysicae* 26, 2008, 1711-1724.

A66. G. Beg Paklar, N. Žagar, M. Žagar, R. Vellore, D. Koračin, P.-M. Poulain, **M. Orlić**, I. Vilibić and V. Dadić: Modeling the trajectories of satellite-tracked drifters in the Adriatic Sea during a summertime bora event. *Journal of Geophysical Research* 113, C11S04, 2008, doi: 10.1029/2007JC004536.

A67. J. Šepić, **M. Orlić** and I. Vilibić: The Bakar Bay seiches and their relationship with atmospheric processes. *Acta Adriatica* 49, 2008, 107-123.

A68. **M. Orlić** and M. Lazar: Cyclonic versus anticyclonic circulation in lakes and inland seas. *Journal of Physical Oceanography* 39, 2009, 2247-2263.

A69. I. Vilibić, J. W. Book, G. Beg Paklar, **M. Orlić**, V. Dadić, M. Tudor, P. J. Martin, M. Pasarić, B. Grbec, F. Matić, H. Mihanović and M. Morović: West Adriatic coastal water excursions into the East Adriatic. *Journal of Marine Systems* 78 (Suppl. 1), 2009, S132-S156.

A70. H. Mihanović, **M. Orlić** and Z. Pasarić: Diurnal thermocline oscillations driven by tidal flow around an island in the Middle Adriatic. *Journal of Marine Systems* 78 (Suppl. 1), 2009, S157-S168.

A71. **M. Orlić**, D. Belušić, I. Janeković and M. Pasarić: Fresh evidence relating the great Adriatic surge of 21 June 1978 to mesoscale atmospheric forcing. *Journal of*

Geophysical Research 115, C06011, 2010, doi: 10.1029/2009JC005777.

A72. **M. Orlić** and Z. Pasarić: A simple analytical model of periodic coastal upwelling. *Journal of Physical Oceanography* 41, 2011, 1271-1276.

A73. **M. Orlić**, G. Beg Paklar, V. Dadić, N. Leder, H. Mihanović, M. Pasarić and Z. Pasarić: Diurnal upwelling resonantly driven by sea breezes around an Adriatic island. *Journal of Geophysical Research* 116, C09025, 2011, doi: 10.1029/2011JC006955.

A74. **M. Orlić**: Wind-induced currents directed to the left of the wind in the northern hemisphere: an elementary explanation and its historical background. *Geofizika* 28, 2011, 219-228.

A75. M. Pasarić, B. Brizuela, L. Graziani, A. Maramai and **M. Orlić**: Historical tsunamis in the Adriatic Sea. *Natural Hazards* 61, 2012, 281-316.

A76. **M. Orlić** and Z. Pasarić: Semi-empirical versus process-based sea-level projections for the twenty-first century. *Nature Climate Change* 3, 2013, 735-738.

A77. H. Mihanović, G. Beg Paklar and **M. Orlić**: Resonant excitation of island-trapped waves in a shallow, seasonally stratified sea. *Continental Shelf Research* 77, 2014, 24-37.

A78. P. Malanotte-Rizzoli, V. Artale, G. L. Borzelli-Eusebi, S. Brenner, A. Crise, M. Gačić, N. Kress, S. Marullo, M. Ribera d'Alcalà, S. Sofianos, T. Tanhua, A. Theocharis, M. Alvarez, Y. Ashkenazy, A. Bergamasco, V. Cardin, S. Carniel, G. Civitarese, F. D'Ortnezio, J. Font, E. Garcia-Ladona, J. M. Garcia-Lafuente, A. Gogou, M. Gregoire, D. Hainbucher, H. Kontoyannis, V. Kovačević, E. Kraskapoulou, G. Kroskos, A. Incarbona, M. G. Mazzocchi, **M. Orlić**, E. Ozsoy, A. Pascual, P.-M. Poulain, W. Roether, A. Rubino, K. Schroeder, J. Siokou-Frangou, E. Souvermezglou, M. Sprovieri, J. Tintoré and G. Triantafyllou: Physical forcing and physical/biochemical variability of the Mediterranean Sea: a review of unresolved issues and directions for future research. *Ocean Science* 10, 2014, 281-322.

A79. **M. Orlić** and Z. Pasarić: Some pitfalls of the semiempirical method used to project sea level. *Journal of Climate* 28, 2015, 3779-3785.

A80. I. Međugorac, M. Pasarić and **M. Orlić**: Severe flooding along the eastern Adriatic coast: the case of 1 December 2008. *Ocean Dynamics* 65, 2015, 817-830.

A81. **M. Orlić**: The first attempt at cataloguing tsunami-like waves of meteorological origin in Croatian coastal waters. *Acta Adriatica* 56, 2015, 83-95.

A82. I. Vilibić, J. Šepić, M. Pasarić and **M. Orlić**: The Adriatic Sea: a long-standing laboratory for sea level studies. *Pure and Applied Geophysics* 174, 2017, 3765-3811.

A83. D. Bonaldo, **M. Orlić** and S. Carniel: Framing Continental Shelf Waves in the southern Adriatic Sea, a further flushing factor beyond dense water cascading. *Scientific Reports* 8 (660), 2018, 1-11.

A84. I. Međugorac, **M. Orlić**, I. Janeković, Z. Pasarić and M. Pasarić: Adriatic storm surges and related cross-basin sea-level slope. *Journal of Marine Systems* 181, 2018, 79-90.

A85. I. Vilibić, H. Mihanović, I. Janeković, C. Denamiel, P.M. Poulain, **M. Orlić**, N. Dunić, V. Dadić, M. Pasarić, S. Muslim, R. Gerin, F. Matić, J. Šepić, E. Mauri, Z. Kokkini, M. Tudor, Ž. Kovač and T. Džoić: Wintertime dynamics in the coastal northeastern Adriatic Sea – the NAdEx 2015 experiment. *Ocean Science* 14, 2018, 237-258.

E3. **M. Orlić**: O utjecaju trenja na slobodne oscilacije u zatvorenim pravokutnim bazenima. *Hidrografski godišnjak* 80/81, 1984, 117-121.

E4. G. Beg i **M. Orlić**: Topografski Rossbyevi valovi u Jadranu. *Geofizika* 7, 1990, 107-120.

E5. **M. Orlić**: Izbori u znanstvena zvanja na Geofizičko-meteorološkom odjelu Prirodoslovno-matematičkog fakulteta Sveučilišta u Zagrebu. *Geofizika* 7, 1990, 141-144.

E6. **M. Orlić**: Jedan opis jadranskih struja iz 17. stoljeća. *Geofizika* 10, 1993, 69-71.

E7. **M. Orlić**: Physical oceanography in Croatia, 1991-1994. *Geofizika* 11, 1994, XXXIX-XLIV.

E8. **M. Orlić**: Znanstvena produkcija hrvatskih geofizičara u razdoblju od 1991. do 1994. godine. *Hrvatski meteorološki časopis* 30, 1995, 109-111.

E9. **M. Orlić**: Studentski dani Andrije Mohorovičića u Pragu. *Geofizika* 15, 1998, 119-123.

E10. **M. Orlić**: Pogled unatrag na El Niño iz 1997/1998. godine. *Pomorski zbornik* 36, 1998, 241-259.

E11. **M. Orlić**: Physical oceanography in Croatia, 1995-1998. *Geodetski list* 53, 1999, XXIII-XXXI.

E12. **M. Orlić**: Radni sastanak "Razina mora u Europi: mjerenje, interpretacija i korištenje" (Dubrovnik, 19.-21. rujna 2001.). *Hrvatske vode* 9, 2001, 472-474. (Također: **M. Orlić**: Razina mora u Europi: mjerenje, interpretacija i korištenje. *Geofizika* 18/19, 2001/2002, 73-76.)

E13. **M. Orlić**: Oceanografija. K. Pandžić (ur): *150 godina meteoroloških motrenja u Hrvatskoj*, Državni hidrometeorološki zavod, Zagreb, 2002, 144-157.

E14. **M. Orlić**: Geofizika. *Geofizika* 18/19, 2001/2002, 63-72.

E15. **M. Orlić**: Physical oceanography in Croatia, 1999-2002. *Geofizika* 18/19, 2001/2002, XIX-XXVII.

E16. I. Vilibić, **M. Orlić**, S. Čupić, N. Domijan, N. Leder, H. Mihanović, M. Pasarić, Z. Pasarić, M. Srdelić and G. Strinić: A new approach to sea level observations in Croatia. *Geofizika* 22, 2005, 21-57.

E17. **M. Orlić**: Sedamdeset peta obljetnica Mareografske postaje u Bakru. *Bakarski zbornik* 10, 2005, 131-145.

E18. **M. Orlić**: Miroslav Gačić – Istraživač vjeran Jadranu. J. Herak (ur): *Ugledni hrvatski znanstvenici u svijetu – Četvrti dio*, Hrvatsko-američko društvo, Zagreb, 2008, 27-33.

E19. M. Rixen, J. W. Book and **M. Orlić**: Coastal processes: Challenges for monitoring and prediction. *Journal of Marine Systems* 78 (Suppl. 1), 2009, S1-S2.

E20. **M. Orlić**: Preface to special issue "Recent Advances in Adriatic Oceanography and Marine Meteorology". *Geofizika* 26, 2009, 113-114.

E21. Z. Bencetić Klaić, **M. Orlić** and M. Herak: On the 150th anniversary of the Geophysical Institute in Zagreb, Croatia. *Geofizika* 28, 2011, 327-332.

E22. **M. Orlić**: *In memoriam* – Dr. Mira Zore-Armanda (Zagreb, 6 January 1930 – Opatija, 8 April 2012). *Geofizika* 29, 2012, 193-205. (Također: **M. Orlić**: *In memoriam* – Dr. sc. Mira Zore-Armanda (Zagreb, 6. siječnja 1930. – Opatija, 8. travnja 2012.). *Priroda* 103/1, 2013, 48-50.)

E23. **M. Orlić**, T. Duplančić Leder, V. Vujnović, D. Herak, V. Denić-Jukić, K. Horvath,

B. Grbec, G. Beg Paklar and M. Herak: Report of the Croatian Committee of Geodesy and Geophysics on activities carried out between 2011 and 2014. *Geofizika* 32, 2015, 133-174.

E24. **M. Orlić**, T. Duplančić Leder, G. Verbanac, V. Denić-Jukić, Z. Bencetić Klaić, B. Grbec, K. Horvath, G. Beg Paklar, M. Herak, D. Herak and J. Stipčević: Report of the Croatian Committee of Geodesy and Geophysics on activities carried out between 2015 and 2018. *Geofizika* 36, 2019, 171-224.

E25. I. Međugorac, M. Pasarić and **M. Orlić**: Long-term measurements at Bakar tide-gauge station (east Adriatic). *Geofizika* 39, 2022, 149-162.

E26. **M. Orlić**: Osnovna fizička svojstva i procesi u Jadranskom moru. D. Magaš (ur): *Velika geografija Hrvatske 2*, Sveučilište u Zadru, Školska knjiga, Zadar, Zagreb, 2023, 485-513.

E27. **M. Orlić**, B. Pribičević, T. Duplančić Leder, M. Pavasović, I. Mandić, D. Oskoruš, K. Pavlić, Z. Bencetić Klaić, B. Grbec, K. Horvath, M. Pasarić and S. Markušić: Report of the Croatian Committee of Geodesy and Geophysics on activities carried out between 2019 and 2022. *Geofizika* 40, 2023, 207-307.

F) Popularni radovi

F1. **M. Orlić**: O mogućem novom tumačenju pojave izuzetnih vodostaja u zaljevu Vela Luka. *Priroda* 69, 1980/81, 88-90.

F2. **M. Orlić**: Ima li "tsunamija" u Jadranskom moru? *Priroda* 72, 1983/84, 310-311.

F3. B. Penzar, I. Penzar i **M. Orlić**: Maestral u fizici i poeziji. *Priroda* (78) 79, 1989/90, 27-29.

F4. **M. Orlić**: Determinističke i slučajne pojave u moru. *Zbornik Ljetne škole mladih fizičara* 7, 1990, 44-49.

F5. **M. Orlić**: Planetarne klimatske promjene uzrokovale niski vodostaj Jadranskog mora. *Ekološki glasnik* 1/7-8, 1990, 48-54.

F6. **M. Orlić**: El Niño opet na djelu. *Priroda* 87/12, 1997, 15-21.

F7. **M. Orlić**: DOLCEVITA na olujnoj buri. *More* 9/96, 2003, 98-105.

F8. **M. Orlić**: Razvoj hrvatske oceanografije – od analize do prognoze. *Hrvatska revija* 5/1, 2005, 65-71.

F9. **M. Orlić**: Dva iznimna potresa, dva različita tsunamija. *Meridijani* 12/95, 2005, 96-99.

F10. **M. Orlić**: Razvoj fizičke oceanografije – od analize do prognoze. *Zbornik Ljetne škole mladih fizičara* 23, 2007, 10-15.

F11. **M. Orlić**: Edward N. Lorenz, znanstvenik koji je zbunio Nobelove komitete.

Priroda 98/9, 2008, 10-16.

F12. **M. Orlić**: Što je tsunami? *Priroda* 101/6, 2011, 56-58.

G) Knjige i zbornici radova

G1. A. Bajić, V. Đuričić, **M. Orlić** i S. Vidič (urednici): *Znanstveni skup – Andrija Mohorovičić – 140. obljetnica rođenja.* Državni hidrometeorološki zavod, Geofizički odsjek Prirodoslovno-matematičkog fakulteta Sveučilišta u Zagrebu, Zagreb, 1999, 507 pp.

G2. B. Penzar, I. Penzar i **M. Orlić**: *Vrijeme i klima hrvatskog Jadrana.* Feletar, Hrvatski hidrografski institut, Zagreb-Koprivnica-Split, 2001, 258 pp.

G3. I. Vilibić, H. P. Plag and **M. Orlić** (Editors): *Final Workshop of Coast Action 40 – Sea Level in Europe: Observation , Interpretation and Exploitation.* Hydrographic Institute of the Republic of Croatia, Split, 2001, 147 pp.

G4. **M. Orlić** and M. Pasarić (Editors): *Workshop – Recent Advances in Adriatic Oceanography and Marine Meteorology.* Andrija Mohorovičić Geophysical Institute, Faculty of Science, University of Zagreb, Zagreb, 2008, 70 pp.

G5. **M. Orlić** (urednik): *Nulla dies sine observatione – 150 godina Geofizičkog zavoda u Zagrebu*. Geofizički odsjek Prirodoslovno-matematičkog fakulteta Sveučilišta u Zagrebu, Zagreb, 2011, 231 pp.

G6: S. Paušek-Baždar, K. Ilakovac i **M. Orlić** (urednici): *Kroz koru do plašta – Nove spoznaje o Andriji Mohorovičiću (1857.–1936.)*. Rasprave i građa za povijest znanosti, Knjiga 19, Hrvatska akademija znanosti i umjetnosti, Zagreb, 2019, 313 pp.

G7. **M. Orlić**: *Uvod u fizičku oceanografiju*. Element d.o.o., Zagreb, 2022, 335 pp.
